

Seal in Freshness and Safety

New!

- Reduces handling and protects from cross-contamination.
- Reduces spills during transport.
- Translucent material allows for product identification without removing the cover.
- Polypropylene material is safe from -40°C to 70°C , making it ideal for use in coolers and freezers.
- New Seal Covers are designed to CEN Gastronorm Standard EN 631-1.

An Economical Choice for Food Storage

Made exclusively to fit Camwear® Polycarbonate Food Pans, our new Seal Covers feature an inner seal that provides superior spill resistance. Designed to seal on the inside radius rather than wrapping around the outside of the pan, the new cover stays secure and tightly sealed, even during transport on the rails of an insulated carrier. The tight fit prevents spills during transport, reducing waste and improving food safety. Translucence provides visibility for easier inventory identification.

High chemical resistance.

FULL SIZE

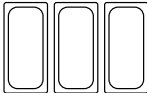

FITS PAN	LID CODE	DESCRIPTION	CASE KG (CUBE M ³)
GN ¼ 32,5 x 53 cm	10PPCWSC	Seal Cover	2,91 (0,022)

HALF SIZE

GN ½ 26,5 x 32,5 cm	20PPCWSC	Seal Cover	1,59 (0,012)
